1. On your Dashboard under Permits click on "Add Permit".

The screenshot shows the 'parkdc PERMITS' dashboard. At the top, there is a 'Dashboard' header. Below it, there are two main sections: 'Visitor Requests' and 'Permits'. The 'Visitor Requests' section shows 0 requests and includes a 'Get Visitor Code' button. The 'Permits' section shows 2 permits and includes an 'Add Permit' button, which is highlighted by a black arrow. Below the 'Add Permit' button, there are two permit cards. The first card is for a 'Visitor Parking Permit' (DC22619) with a visitor code of 459409 and unlimited time. The second card is for a 'Temporary New Resident Permit' (DC22620) with a validity period from August 01, 2021, to October 30, 2021, and a vehicle named 'ted (teddy66)'.
